

What's included in a Youth Connection Helpline youth presentation?

Children and teens will only take advantage of the Youth Connection Helpline if they know they have access to immediate help within their own community!

Presentations may include:

- Discussion about the dangers of running away, the importance of making good decisions, developing a safety plan, how Safe Place can help in a crisis situation, plus many other topics of interest
- Age-appropriate activities
- Informational handouts and community resource information

Presentation topics are tailored to suit the audience and time allowed.

For more information or to schedule a presentation, contact:

Kendra Elliott at 314-280-0941 or kelliott@youthinneed.org

or
